By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF), all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

School Description and Mission Statement (School Year 2021—2022)

We are a school district of students, parents, staff, and community who are committed to promoting independent thinking and lifelong learning for all. Our mission is to provide a program that respects the right of every student to a quality education in a positive environment while fostering the responsibilities that protect the right of others. Chicago Park is a community school established in 1898. It is located just off scenic Route 174, in the beautiful foothills of the Sierra Nevada mountains. Chicago Park is a small, public school for grades Transitional Kindergarten to eighth.

The educational team of 13 certificated professionals is led by the District Superintendent/School Principal Katie Kohler. Chicago Park School implements innovative standards-based teaching styles that include hands-on learning opportunities in all core subjects. A strong character development program is presented every Friday and weaved into the curriculum the following week.

The school district is proud of its Markerspace, which was created to increase STEAM opportunities on campus.

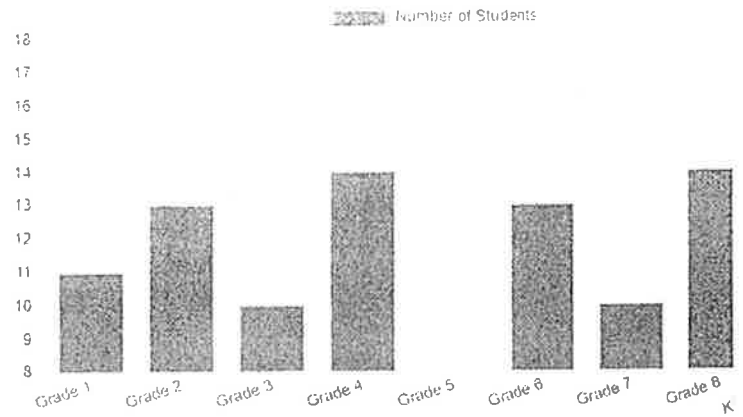

A resource specialist, along with trained paraprofessionals, have a high level of success supporting students with an intensive remedial program.

In addition to providing an educational foundation, our school provides programs such as music, art, and gardening on a rotating or continual basis.

School Facility Conditions and Planned Improvements

The District completes the School Facilities Condition Evaluation on an annual basis. The evaluation is used to identify and remedy any potential problem areas. A copy of this report is available by speaking to the school principal. Any complaints regarding facilities are reported to the Board and County Office of Education on a quarterly basis, as required by the Williams Act of 2005.

We currently have adequate facilities to meet the student population. The school grounds, building, and restrooms are in very good condition, and are maintained in good repair with an overall rating of good.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority, Pupil Achievement (Priority 4)

- Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven
- Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven
- California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve)

- SARC Reporting in the 2020–2021 School Year Only**

Where the most viable option, LEAs were required to administer the statewide summative assessments for ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students

- Options:** Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:
 - Smarter Balanced ELA and mathematics summative assessments;
 - Other assessments meeting the SBE criteria; or
 - Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

- College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard

| Subject | School 2019-2020 | School 2020-2021 | District 2019-2020 | District 2020-2021 | State 2019-2020 | State 2020-2021 |
|--|---------------------|---------------------|-----------------------|-----------------------|--------------------|--------------------|
| English Language Arts / Literacy (grades 3-8 and 11) | N/A | N/A | N/A | N/A | N/A | N/A |
| Mathematics (grades 3-8 and 11) | N/A | N/A | N/A | N/A | N/A | N/A |

Note: The 2019–2020 data cells with N/A values indicate that the 2019–2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019–2020 school year.

Note: The 2020–2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020–2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020–2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020–2021 school year to other school years.

State Priority: School Climate

The SARC provides the following information relevant to the State priority School Climate (Priority 6)

- Pupil suspension rates;
- Pupil expulsion rates, and
- Other local measures on the sense of safety

Suspensions and Expulsions

(data collected between July through June, each full school year respectively)

| Rate | School 2018-2019 | School 2020-2021 | District 2018-2019 | District 2020-2021 | State 2018-2019 | State 2020-2021 |

Note: Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Suspensions and Expulsions for School Year 2019-2020 Only

(data collected between July through February, partial school year due to the COVID-19 pandemic)

| Rate | School 2019-2020 | District 2019-2020 | State 2019-2020 |

| Suspensions | 6.15% | 6.42% | 2.45% |
| Expulsions | 0.00% | 0.00% | 0.05% |

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

School Safety Plan (School Year 2021-2022)

Chicago Park School has developed a comprehensive safety plan that identifies major safety concerns, as well as specific prevention and action strategies involving community and local law enforcement agencies. The plan ensures a safe and secure campus, by maintaining a positive learning environment that uses prevention strategies and emphasizes his expectations for student conduct and is reviewed and updated on an annual basis. The plan is reviewed with the staff and updated by the Safety Committee annually.

Addendum

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC Web Application as the mechanism to conduct a one-time data collection of the LEA level aggregate test results of all school's local assessments administered during the 2020-2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs)

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC Web Application. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
